

VERRINE

PRESERVE THE PERSONAL HYGIENE

VERRINE

PRESERVE THE PERSONAL HYGIENE

WHAT IS VERRINE?

A ***VERRINE*** is a French word for a small, thick-walled glass container with no base, whose purpose is to hold a solid or liquid dish (starter, main course or dessert) rather than a drink.

VERRINE

PRESERVE THE PERSONAL HYGIENE

VERRINE, consists of a set of small thick-wall glasses and a ceramic tray to serve small foods such as canapes or other small appetizers.

The series is inspired by the modular rounded square shape, which has a simple and modern aesthetic look that makes food presentation stand out.

Verrine is designed with stackable functionality, making it more practical and conveniently conserving space. The glass container and ceramic tray can be mixed and matched to fit the service requirements for a variety of foods, whether it is for a buffet or a personal set service. The possibilities are endless, Verrine can make a difference in adding a unique touch to your food presentation according to your imagination.

The unique feature of Verrine is that this well-crafted assortment has been thoughtfully designed with personal hygiene at the forefront. We fully realize the importance of personal cleanliness, especially in the context of the current circumstances, so Verrine helps reduce unnecessary contact during social gatherings, helping to maintain personal hygiene while you and your guests enjoy your special occasions.
